

LOCUM UPDATES

Locumate Newsletter

STAY UP TO DATE WITH LOCUMATE!

As we reflect on the past year, it's clear that we have faced challenges, particularly with the impact of Covid and then the announcement of the 60-day dispensing. Through it all, your commitment, hard work, and ongoing support have been nothing short of amazing.

We want to express our heartfelt gratitude for allowing us to support you, whether as a locum or a pharmacy in need. Getting to know some of you has been such a highlight, and we are so happy to have you on this Locumate journey with us.

Please remember, we are always here to support you. Whether you have questions, concerns, or just want to chat, our door is always open.

As we approach the holiday season, we want to wish you a Merry Christmas filled with joy and time spent with loved ones, and a very Happy New Year!

Industry Update

There has been great emphasis on technology in 2023. From medication management systems, dispensary automation and digital marketing tools, the industry has started to adopt tech at a greater scale.

Guild is currently negotiating the 8CPA, more details to follow.

Sigma & CWH have entered into a merger announced in early December.

Pharmacy Practice

In order to maintain a professional appearance, it is recommended that all pharmacists wear their white coat while on duty. If you do not have a white coat, it is expected that pharmacists to be wearing professional clothing.

When taking on a solo shift, it is crucial to note that the store must be open at the listed shift start time. To guarantee the store opens promptly, please plan accordingly and arrive at the pharmacy with sufficient time before the shift begins.

As a reminder, it is mandatory for a pharmacist to be present on the premises whenever the pharmacy is open. If you are a solo pharmacist, you are required to always be on the premises until the shop is closed.

Some stats!

Interpersonal skills is the **highest rated feedback** category from the last quarter.

Current **fill rate** on the platform is 94%!

Shifts on the platform are getting snapped up quickly, some in less than a minute!

A bit of a laugh..

A doctor is giving a talk at a symposium. Like any good public speaker, he wrote his speech out on notecards.

Unfortunately, when he gets up to the podium, he finds that he just can't read his notes.

So, he says to the audience, "Is there a pharmacist in the house?"

New Product Features

VIEWING SHIFTS WORKED/CANCELLED

Your completed/cancelled shifts are now displayed via your profile section of the app.

Although we understand that circumstances can change which will lead to a shift cancellation, please try to only accept shifts that you will be able to commit to.

Please note you can also access your earnings report in your profile.

PAY NEXT DAY

Pay Next Day will be launching by February 2024. Please ensure the required documentation has been uploaded for Pay Next Day accessibility.

Once LIVE, everyone that has verified their details will be eligible for Pay Next Day. Payments will be processed within 24 hours after timesheet approval.

CHAT FUNCTION

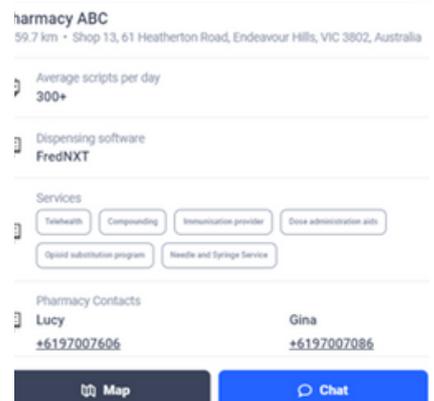

You can chat to the pharmacy to ask questions.

If you are **not** booked in for a shift:

Select the job you are interested in. When the job details are displayed, select the logo/pharmacy name for the details and chat section to be displayed.

If you are booked in for a shift:

In the calendar section, find the required shift. Select the pharmacy name for the store information & chat function to be displayed.
